CATERING SERVICE

Dear James and Katie

We wanted to write to you to say how grateful we are for the hard work and high level of service which you provided in catering for our wedding and our Marriage Blessing.

You made the first event, our Wedding, very special in terms of the venue, the quality of the food and the level of service you and your staff provided.

At the Marriage Blessing you catered for over 120 people. The food was exceptional – the quantity and quality was fantastic. It was impressive to see you and you staff in a new venue and produce a high level of service.

We have had numerous positive comments from our guests about the food.

We will definitely use your services again in the future.

Thank you very much.

Kind regards,

Ian and Amy Large

CATERING SERVICE

‘at our first meeting with James we knew we were onto a winner’ Discover why below;

For our wedding, we choose a venue that offered a ‘DIY’ approach as we were keen have the day exactly as we planned it rather than fitting in around someone else’s ideas.

As food lovers, the catering was a big deal; we were looking for a supplier that was known for cooking great food, using excellent produce and could provide a full service. Having obtained a few different quotes from caterers in the local area we were getting a bit despondent at the ‘packages’ that were on offer.

However, then we stumbled upon James and ‘Barrett’s Bespoke Catering’. Firstly, something that none of the other caterers had suggested to do was to actually meet with us to discuss our requirements.

At our first meeting with James, we knew we were onto a winner! He was open to all our suggestions and developed a creative menu based upon what we wanted. Having eaten at his café and bistro, we didn’t doubt he would be able to deliver on the quality of the food, what we hadn’t fully anticipated was all the additional attention to detail and service he would provide.

Before the big day, we had several meetings with James, including a visit to the venue and he even cooked the wedding breakfast for us at the Bistro to try with our family. Our venue

had no catering equipment on site, but James dealt with the hiring of all the equipment, and provided all the staff including staffing our bar for us for the duration of the evening. James and his team were an absolute pleasure to deal with on our day.

He ensured that everything ran smoothly and his staff were friendly, professional and polite. We had loads of compliments on the day and since about the food and service. We have since eaten at Barrett's Bistro on several occasions and can honestly say it's the best food we've eaten in Sheffield. James is a fantastic local supplier with a passion for creating imaginative and delicious food.

I wouldn't hesitate to recommend Barrett's Bespoke Catering to anyone looking for a personal, friendly service with the best food going.

'We love Barretts & have eaten there on many occasions & also love their bowl suppers (fantastic alternative to take-aways!). But on this occasion (my parents golden wedding anniversary) we wanted to celebrate at home with family (13 people) but enjoy restaurant quality food so we booked Barretts Bespoke catering.

We discussed with James what we wanted - a buffet to impress, not a sandwich in sight, to appeal to the 7 to 70 year olds! He had lots of suggestions but also listened to our
